QUICK GUIDELINES for program selector for your child:

For new and former students, please call or email to book an assessment time for your child.

**Primary assessment** is 45-60 mins long.
**Secondary assessment** is 120 mins long.

**Additional 15-min Interview requirement:**
- Students interested in joining the Unlocking Critical Thinking program (G3-6) must also schedule a 15-min interview with our instructor.
- Students interested in joining the Public Speaking and Debate program must also schedule a 15-min interview with our debating instructor.
- Students who are interested in joining both programs only need to attend one interview. Please inform our Student Services Team of your interest in joining both programs so that an appropriate interview may be arranged.

**Incoming Grade 1 and 2 students** for September 2019 should refer to Grade 1-2 programs

**Incoming Grade 3 and 4 students** for September 2019 should refer to Grade 3-4 programs

**Incoming Grade 5 and 6 students** for September 2019 should refer to Grade 5-6 programs

**Incoming Grade 7 students** for September 2019 should refer to the Secondary programs offered. Secondary assessment is needed and arranged at the Secondary center.

**Incoming Grade 8 to 12 students** for September 2019 should refer to the Secondary programs offered.

Final course recommendations are given after completion of the assessment.

Capstone students who are currently enrolled will receive summer course recommendation from their instructors via email or you may call to inquire.
G1-2 Literacy Workshop: Lessons with Animals

In Literacy Workshop, students will develop both reading and writing skills through comprehension activities and the examination of literary elements found in carefully selected thematic text excerpts.

This summer, students will apply new vocabulary and practice different comprehension strategies through various stories about animals. In addition, students will be creating their own narrative piece and learning about the narrative arc to help with story development and structure. Through mini lessons, students will also learn and apply different writing strategies such as writing hooks, developing strong resolutions, using powerful adjectives and verbs, and proofreading.

Course Highlights:
- Expand vocabulary through reading
- Learn and apply different comprehension strategies
- Develop and write a narrative by using the narrative arc

Duration: 1.5 hrs x 8 lessons | Class size: 6

G1-2 Literacy Workshop: Summer Globetrotting

In Literacy Workshop, students will develop both reading and writing skills through comprehension activities and the examination of literary elements found in carefully selected thematic text excerpts.

This summer, students will travel around the world to develop their reading and informational writing skills. They will demonstrate their understanding of the reading passages by learning or reviewing the paragraph structure and developing paraphrasing and summarizing skills. In addition, students will also extend their learning through interactive activities. Furthermore, students will put together a travel brochure to showcase their written pieces and travel experiences.

Course Highlights:
- Expand vocabulary through reading
- Learn and apply paraphrasing and summarizing skills
- Travel the world through literacy and hands-on activities

Duration: 1.5 hrs x 8 lessons | Class size: 6

G1-2 Research & Present: A Journey Through Space

Through the structure of a poster presentation, Research and Present is designed to develop the foundational skills of writing, reading, and speaking. Students will practice sharing and presenting their ideas within an encouraging environment.

This summer, students will research about our solar system through videos and reading nonfiction texts. Furthermore, students will evaluate the information gathered to make comparisons and contrasts as well as to create an alien creature that could survive on their chosen planet. Following a research model, students will be guided to plan, research, create and review what they have learned, in order to showcase a poster presentation at the end of the course.

Course Highlights:
• Expand vocabulary through reading
• Design a space creature using gathered research
• Present and communicate ideas clearly and confidently

G1-2 Research & Present: Kids Now and Then

Through the structure of a poster presentation, Research and Present is designed to develop the foundational skills of writing, reading, and speaking. Students will practice sharing and presenting their ideas within an encouraging environment.

This summer, students will research about life as a child in different times by conducting personal interviews and reading nonfiction texts. Furthermore, students will evaluate the information gathered to make comparisons and contrasts. Following a research model, students will be guided to plan, research, create and review what they have learned, in order to showcase a poster presentation at the end of the course.

Course Highlights:

G3-4 Literacy Workshop: What Happens After Happily Ever After?

In Literacy Workshop, students will develop both reading and writing skills through comprehension activities and the examination of literary elements found in carefully selected thematic text excerpts.

Many students are familiar with the traditional fairy tale ending—“They lived happily ever after.” However, have they ever wondered what happens afterwards? This summer, students go beyond their favourite fairy tales by creating their own narrative piece. In addition, students will examine literary elements and practice different comprehension strategies through different fairytale readings. Students will also learn and apply different writing techniques such as transition words, and developing a strong climax through mini lessons.

Course Highlights:

• Learn and practice reading comprehension strategies
• Learn and apply the writing process
• Write a narrative using different writing strategies

Duration: 1.5 hrs x 8 lessons | Class size: 6 | Course fee: $5,880

G3-4 Literacy Workshop: Against All Odds

In Literacy Workshop, students will develop both reading and writing skills through comprehension activities and the examination of literary elements found in carefully selected thematic text excerpts.

This summer, students will be reading inspirational stories about people who have overcome challenges in their lives. In addition to practicing different levels of comprehension through these readings, students will also be cultivating a growth mindset. As well, students will practice basic research skills and write about a child who has overcome a challenge through their own informational piece. Students will learn about different writing strategies such as transition words and how to write an effective body paragraph as well as practicing proofreading strategies.

Course Highlights:
- Learn and practice reading comprehension strategies
- Learn and apply body paragraph structure
- Practice proofreading strategies

G3-4 Unlocking Critical Thinking: The Story of Stuff

Designed to develop students’ critical thinking, analyzing and problem-solving skills, Unlocking Critical Thinking exposes students to real-world issues and teaches students the skills to evaluate, process and articulate complex ideas.

This summer, students will be learning and reading about the production and consumption patterns of our society by examining issues such as land use, microbeads and bottled water. Students will be making connections between a number of these environmental and social issues through various analytical strategies. In addition, students will be engaged in the problem solving process by analysing these issues and coming up with solutions through group and pair discussion.

Course Highlights:
• Analyse world issues
• Make connections between different issues
• Learn and apply the problem solving process

G3-4 Unlocking Critical Thinking: Saving the Endangered

Designed to develop students’ critical thinking, analyzing and problem-solving skills, Unlocking Critical Thinking exposes students to real-world issues and teaches students the skills to evaluate, process and articulate complex ideas.

This summer, students will probe the various causes that have lead to the endangerment of animals such as dolphins, elephants, and orangutans. In addition, students will have the opportunity to examine the solutions that have been developed to alleviate this endangerment. This will be accomplished by practicing research skills, such as asking good questions, and determining source validity, analyzing issues from multiple perspectives, weighing the advantages and disadvantages, and making sound judgements.

Course Highlights:
• Examine the causes and effects, and the solutions developed to address animal endangerment
• Analyze issues from multiple perspectives
• Practice research skills

G3-4 Presentation Through Performance

Presentation through Performance teaches students to express themselves with poise, confidence, and eloquence in a supportive, inclusive environment.

This summer, students will learn and practice key presentation skills through the performance of various speech forms, including monologue, duologue, and soliloquy. Students will accomplish this by participating in activities designed to reinforce presentation techniques such as pace, emphasis, diction, tone, and volume. Additionally, students will have the opportunity to present their speeches in front of the class.

Course Highlights:
- Apply key presentation skills through the presentation of various speech forms
- Hone presentation techniques
- Receive feedback from the instructor

**G5-6 Public Speaking and Debate**

This summer, students will work closely with instructors on style, presentation clarity, information development, strategy, and rebuttal logic, to maximize their debating abilities and effectiveness. Our Debate Program creates not only sharp debaters, but also informed global citizens ready to meet this world’s challenges with confidence and skill.

This intensive course is designed for students who have little to no experience in debating. As such, the course will focus on developing students’ presentation skills, emotive reading, improvisation, and persuasion strategies. Additionally, students will be introduced to the British Parliamentary (BP) structure of debate. Finally, students will examine how the stakeholders in various scenarios hold different ethical viewpoints which affect the decisions they make. This content knowledge will then be used in debate practice. Students interested in joining the intensive program must first complete an interview with our debating instructor.

**Course Highlights:**
- Practice persuasive speaking skills and learn BP debate structure
- Develop public speaking skills through exposure to debate
- Examine how ethical viewpoints affect decision making

**Duration:** 2 hrs x 8 lessons  |  **Class size:** 8  |  **Course fee:** $7,840

2. This offer is only applicable to classes with available seats.
3. Upon course confirmation, tuition fee must be paid within 7 days in order to secure the seat in the course.

Enrollment Terms and Conditions for Intensive Programs (Summer)
1. Registration must be made on the Registration Form provided and returned to us no less than 7 days before the course commencement date with full fee. Payment can be made by cash, E POS, or crossed cheque payable to CAPSTONE PREP EDUCATION CENTER. Cheque payment is accepted subject to clearance. Post-dated cheques will not be accepted.
2. Upon full payment, applications are processed on a first-come-first-served basis. Acceptance is subject to the discretion of Capstone.
3. Please confirm your schedules before enrolling as fees, once paid, are non-refundable and non-transferable. For all classes, if student is absent for a class due to sickness or other personal reasons, no refunds and no makeup class will be provided.
4. A formal assessment is conducted for all new students and former Capstone students (who have not attended any course for the past six months) to ensure he/she will be placed in the class best suited to their learning style and maturity level.
5. A minimum of 4 students are required for a course to run as scheduled. Capstone reserves the right to cancel a course if enrollment is insufficient. In such case, students will be required to transfer to another scheduled course.
6. A Progress Report will be issued to students [with no more than one absent lesson in each enrolled class] no later than 45 days from when the course has ended.
7. Capstone reserves the right to substitute instructors and to make changes to the content and class schedule if necessary without prior notice.
8. Capstone reserves the right to change the terms & conditions without prior notice. In case of any dispute arising from the program, the decision of Capstone shall be final.
9. Inclement Weather –
   a. All classes will be held as scheduled during Typhoon Signal No. 1 or 3 or Amber/Red Warning unless otherwise announced by Capstone.
   b. Before classes commence, if the Observatory announces that the warning for "Black Rainstorm" is in force or Typhoon Signal No. 8 or higher will be hoisted within two hours, no classes will be held. If these weather signals are lowered during the day, all classes will resume three hours after the official announcement by the HK Observatory. We regret that we cannot arrange replacement classes nor refunds for these enforced closures.
   c. When Typhoon Signal No. 8 or above is in force during classes, all classes will be dismissed immediately, no replacement classes nor refund will be arranged. When Black Rainstorm warning is in force during classes, all classes will be held as scheduled.
10. Any information we collect from you will be used for student records and other relevant or related purposes by Capstone and its staff for administration, programming and emergencies only. All information will be kept confidential.
11. Capstone may, from time to time, use student photos, videos, or works (including activities inside and outside of classroom) for Capstone course and marketing promotions such as its brochure, website or publications.

Assessment fee (Limited time offer for assessment waiver)
1. An assessment fee of $300 must be collected at the time of the assessment placement test; otherwise, assessment will not be arranged and processed. Fee can be paid by CASH, E POS or crossed CHEQUE payable to "CAPSTONE PREP EDUCATION CENTER".
2. The fee paid for the assessment is non-refundable and non-transferable.
3. Capstone will provide an assessment report of each student by email within 10 days. A hard copy will be available upon request and is to be collected at our center.
4. Limited time offer: From May to August 2019, students who complete an assessment and enroll in a Summer Intensive Program will receive the paid assessment fee as credit for tuition deduction upon enrollment.

Refund Policies and Procedures
A. Refund Policies:
1. In case of school closure prior to the commencement of a course, our school will refund (in full) the course fee collected stated on the tuition invoice.
2. If a course cannot be operated according to the arrangement specified in the fee receipts and students decline the revised arrangements offered by our school, our school will refund in full or on a pro-rata basis of the course fee collected. The request for refund must be through email to info@capstoneprep.com and will be processed within a month after the request date.
3. In case of cessation of a course after its commencement, our school will refund the course fee collected on a pro-rata basis as soon as possible and in any event no later than one month after the cessation of the course.

B. Refund Procedures:
1. Our School will confirm the refund arrangement either over the telephone or in writing.
2. Our School will refund in accordance with the above policies.
3. When processing the refund, Capstone will not take away the original fee receipts. Acknowledgement on the receipt of the refund must be confirmed by the signature of the parent or legal guardian.
4. Our School will pay the refund by cheque.
